

11-July-2024

Training Day - 13 Report:

Created and Hosted Personal Portfolios

1. Created Personal Portfolios:

- Designed portfolios using **HTML, CSS**.
- Sections included:
 - **About Me:** Personal introduction.
 - **Daily Diary:** Links to daily diary entries.
 - **Blogs:** Articles on key concepts from the training.

2. Organized Website Structure:

- Created a directory for the website:
- `/home/username/public_html/`

3. Uploaded and Hosted the Website:

- Uploaded portfolio files to the server and tested the website for functionality and responsiveness.

4. Summary:

- Created and structured personal portfolios.
- Hosted on the server at `dyan.ddnsfree.com`.
- Portfolio will be continuously updated with new content as part of the training journey.
